# G-SERIES WHEEL LOADERS

MCM's G-Series Wheel Loaders includes machines from 0.3m<sup>3</sup> / 0.39yd<sup>3</sup> capacity up to 3.0m<sup>3</sup> / 3.92yd<sup>3</sup> size class all of which were designed for maximum efficiency to increase productivity with a minimum amount of operator fatigue.

MCM Wheel Loaders are designed to push performance in numerous fields. To achieve this, we've designed the engine, axles, driveline and hydraulics to work in harmony with each other, for ultimate durability and efficiency.

WHEEL LOADERS		
	8G	10G
Max. Engine Power	25kW/33HP	39kW/52HP
Engine	Changchai	Changchai
Optional Engine	Kohler/Yanmar	Kohler/Yanmar
Rated Load	800kg/1,763lb	1000kg/2,200lb
Max. Dumping Height	2.18m/7.15ft	2.7m/8.85
Operating Weight	2700kg/5952lb	3000kg/6613lb
	15G	20G
Max. Engine Power	39kW/52HP	70kW/93HP
Engine	Changchai	Changchai
Optional Engine	Yanmar	Cummins
Rated Load	1500kg/3306lb	2000kg/4409lb
Max. Dumping Height	2.85m/9.35ft	3.2m/10.49ft
Operating Weight	3500kg/7716lb	4500kg/9920lb
	22G	25G
Max. Engine Power	76kW/101HP	75kW/100HP
Engine	Changchai	Changchai
Optional Engine	Cummins	Cummins
Rated Load	2200kg/4850lb	2500kg/5511lb
Max. Dumping Height	3.2m/10.49ft	3.2m/10.49ft
Operating Weight	5300kg/11685lb	5500kg/12125lb

Equipped with all the basic features required to get the job done, the G-Series focuses on durability, performance, versatility and power.

Our international MCM team has the right technical knowledge and expertise to ensure that you have access to all the machine options available to you. MCM also offers technical support through our online network.

WHEEL LOADERS		
	30G	35G
Max. Engine Power	97kW/130HP	97kW/130HP
Engine	Weichai Deutz	Weichai Deutz
Optional Engine	Cummins	Cummins
Rated Load	3000kg/6613lb	3000kg/6613lb
Max. Dumping Height	3.25m/16.40ft	3.25m/16.40ft
Operating Weight	8500kg/18740lb	9800kg/21605lb
	40G	50G
Max. Engine Power	118kW/158HP	160kW/214HP
Engine	Weichai Deutz	Weichai Deutz
Optional Engine	Cummins	Cummins
Rated Load	4000kg/8818lb	5000kg/11025lb
Max. Dumping Height	3.25m/10.66ft	3.05m/10ft
Operating Weight	12000kg/26455lb	16700kg/36817lb

## RS-SERIES WHEEL LOADERS

Fundamental to the performance experienced by the RS-Series is its build quality and reliability. The RS-Series is MCM's European Range Wheel Loaders, equipped with a number features like dual-oscillating drive axles, electronic gear shifter, and an ergonomic design to name a few.

The RS-Series offers six different models to our clients, from the 7RS to the 25RS.

WHEEL LOADERS		
	<b>7RS</b>	<b>9RS</b>
Max. Engine Power	18.4kW/24.6HP	18.4kW/24.6HP
Engine	Changchai	Changchai
Optional Engine	Kohler/Yanmar	Kohler/Yanmar
Rated Load	700kg/1543lb	900kg/1985lb
Max. Dumping Height	1.85m/6.06ft	2.1m/6.88ft
Operating Weight	1470kg/3240lb	2000kg/4409lb
	<b>10RS</b>	<b>12RS</b>
Max. Engine Power	25kW/33HP	39kW/52HP
Engine	Changchai	Changchai
Optional Engine	Perkins/Yanmar	Kohler/Yanmar
Rated Load	1000kg/2204lb	1200kg/2645lb
Max. Dumping Height	2.18m/7.15ft	1.95m/6.39ft
Operating Weight	2800kg/6172lb	3500kg/7716lb
	<b>16RS</b>	<b>25RS</b>
Max. Engine Power	42kW/56HP	75kW/100HP
Engine	Kohler	Changchai
Optional Engine	Xinchai/Yanmar	Cummins
Rated Load	1600kg/3527lb	2500kg/5511lb
Max. Dumping Height	2.18m/7.15ft	2.85m/9.35ft
Operating Weight	3900kg/8598lb	5400kg/11904lb

## RS-SERIES TELESCOPIC WHEEL LOADERS

The RS-Series Telescopic Loader models have a telescopic arm that provide an extended working reach and coverage, in comparison to standard wheel loaders with load arms, while still offering the basic virtues of a standard wheel loader such as manoeuvrability, stability and lifting force.

Designed for operation across a range of sectors, MCM's Telescopic Loader Range works in numerous industries including agriculture, landscaping, construction, forestry, mining and warehousing, to name a few. The RS-Series can be equipped with numerous attachments, enabling a broad scope of application such as forks, grapples, mulchers, sweepers, mixers breakers, and many more.

TELESCOPIC WHEEL LOADERS		
	<b>10RS</b>	<b>12RS</b>
Max. Engine Power	25kW/33HP	39kW/52HP
Engine	Changchai	Changchai
Optional Engine	Kubota/Yanmar	Kohler/Yanmar
Rated Load	1000kg/2204lb	1200kg/2645lb
Max. Dumping Height	2.67m/8.75ft	3.3m/11.0ft
Operating Weight	2850kg/6283lb	3500kg/7716lb
	<b>16RS</b>	<b>25RS</b>
Max. Engine Power	42kW/56HP	75kW/100HP
Engine	Kohler	Cummins
Optional Engine	Xinchai/Yanmar	Xinchai/Kohler
Rated Load	1600kg/3527lb	2500kg/5511lb
Max. Dumping Height	3.45m/11.32ft	4.20m/13.77ft
Operating Weight	4000kg/8818lb	5400kg/11900lb

## T-SERIES TELESCOPIC WHEEL LOADERS

WHEEL LOADERS		
	T150	T250
Max. Engine Power	37kW/24.6HP	76kW/100HP
Engine	Xinchai	Yunnei
Optional Engine	Kohler/Yanmar	Kohler/Yanmar
Rated Load	1500kg/3306lb	2500kg/5511lb
Max. Dumping Height	3.45m/11.33ft	3.88m/8.55ft
Operating Weight	3460kg/7627lb	5500kg/12125lb

MCM's T-Series makes most work applications even more productive and is particularly ideal for those who need more lift height.

In addition to a high level of functionality, working comfort and safety standards, the T-Series brings strength and endurance to the task.

The T-Series can also be equipped with a number of useful attachments, bringing you a multi-purpose machine.

**The power  
is in your hands.**

- Comfortable Cabin Build -

- Telescopic Boom -

- Intuitive Operator Station -

- Accessible Engine -

- Two Speed Transmission -

- Air Conditioner -

The T-Series is equipped with a number of standard features that pushes performance, comfort and ease of maintenance. We have highlighted some of the features above, but there are numerous other design advantages and controls that make the T-Series an ideal machine for various industries.

## G-SERIES, RS-SERIES & T-SERIES ATTACHMENTS

MCM offers a range of over 50 different wheel loader attachments, increasing the range of application across a number of industries.

 DRUM CLASP (RT21)	 BLOCK CLAMP (CC213)	 SCREENING BUCKET (BB86)
 HIGH DUMP BUCKET (BB990)	 GRASP BUCKET (BB891)	 HAY FORK (RE101)
 SNOW/DOZER BLADE (SDS347)	 V-SNOW BLADE (SDS621)	 MULCHER (BT126)

 GRASP FORK (GT05)	 EURO GRASP FORK (GT062)	 LOG GRAPPLE (GT940)
 PALLET FORK (PPA210)	 HYDRAULIC SLIDING PALLET FORK (PPB256)	 OPEN ROAD SWEEPER (SWS854)
 CONCRETE MIXING BUCKET (BB660)	 4-IN-1 BUCKET (BB585)	 FRONT RIPPER (FR2145)

## OVER 50 DIFFERENT ATTACHMENTS

At MCM, we understand the importance of versatility and the various applications demanded in diverse sectors. This is why MCM has and continues to work on the development of new attachments and the improvement of attachments already well known in numerous industries.

Once your G-Series, RS-Series or T-Series loader is equipped with a hydraulic quick hitch, this allows the operator to interchange between attachments in minutes if not seconds.

## ONE MACHINE - MANY APPLICATIONS
